Pentru a putea accesa serviciul EBSCO Discovery Services, un utilizator trebuie sa foloseasca un nume de cont si o parola. Pentru a beneficia de un nume de cont, un utilizator trebuie sa completeze formularul de inregistrare. Dupa introducerea in baza de date, informatiile furnizate de catre utilizator vor fi verificate manual. Daca acestea corespund realitatii contul este creat iar utilizatorul este anuntat prin email. **Important: deoarece datele sunt verificate manual in timpul programului de lucru, este posibil sa existe intarzieri in crearea contului.**

Dupa ce contul a fost creat, utilizatorii au acces la serviciu aici. Accesul implica utilizarea numelui de utilizator si a parolei.

- Înregistrare utilizatori
- Acces EBSCO

Atat numele de cont cat si parola sunt confidentiale si nu trebuie folosite decat de o singura persoana.

RĂȘFOIREA/CĂUTAREA

The screenshot shows the EBSCO A-to-Z interface in a Mozilla Firefox browser. The page title is "A-to-Z" and the URL is "atoz.ebsco.com/About/17046". The interface includes a navigation menu with "Index", "Titluri", "Domenii", "Căutare", "Despre A-to-Z", "Căutare prin LinkSource", and "EBSCO Discovery Service". A note states: "Note: Some features may not appear (tabs, subjects, ISSN, etc.) if the library administrator has disabled them or customized the user interface." The main content area features a navigation bar with "Index", "Titles", "Subjects", "Search", and "About The Site". Below this is an "Advanced search" section with a "Browsing: A-to-Z" dropdown and a "Search" button. A list of titles is displayed, with "AA ACE international transactions" and "AA ACE journal" highlighted. Numbered callouts (1-6) point to various features: 1. Index tab, 2. Titles tab, 3. Subject tab, 4. Search tab, 5. Titles tab - Page navigation listbox, and 6. Titles tab - "Find:".

- 1 Index tab**
Use the [Index](#) tab to view a list of databases and other sources of electronic full text titles. You can link directly to the "front door" of each source, or link to a list of titles contained in each source.
- 2 Titles tab**
Use the [Titles](#) tab to browse a list of titles arranged alphabetically. You can also do simple searching of the list by using the search feature on that page. When you find the title you want, follow the links underneath its name to explore the title, including viewing full text.
- 3 Subject tab**
Use the [Subjects](#) tab to browse a list of subject areas covered by the titles in our collection. Click a subject category to view a list of all titles in that category.
- 4 Search tab**
The [Search](#) tab provides a more advanced search form than the search box on the Titles tab. Use the Search tab to search by title name, publisher name, or ISSN, as well as to control the search type (Begins With, Exact Match, etc.).
- 5 Titles tab - Page navigation listbox**
When viewing a list of titles that span more than one web page, this listbox will show all the pages in the current title list. For each page, the first title on the page and the last title on the page are listed. Click on a page to go directly to that section of the list.
- 6 Titles tab - "Find:"**
Use this textbox to quickly search for titles whose names contain the keywords you enter. Too many results? Try the Search tab instead.

Intrări de unde se poate face răsfoirea/căutarea

RĂȘFOIREA

The screenshot shows the website of Anelis Plus, the Association of Universities, Research and Development Institutes, and Central University Libraries in Romania. The page is titled "Resurse de informare" (Information Resources). A sidebar on the left contains a navigation menu with items like "Validare cont personal pentru acces mobil", "Serviciul de acces la baze de date", "Misiune", "Statut", "Actul constitutiv", "Consiliul director", "Membri", "Proiect AnelisPlus", "Descrierea proiectului", "Resurse de informare", "Beneficiari", "Achiziții", "Serviciu de organizare", "Sisteme de operare", and "Evenimente".

The main content area features a section titled "Resursele electronice oferite in 2013:" (Electronic resources offered in 2013:). Below this is a table with three columns: "Baze de date și platforme full text" (Databases and full text platforms), "Listă publicații" (Publication list), and "Tutorial".

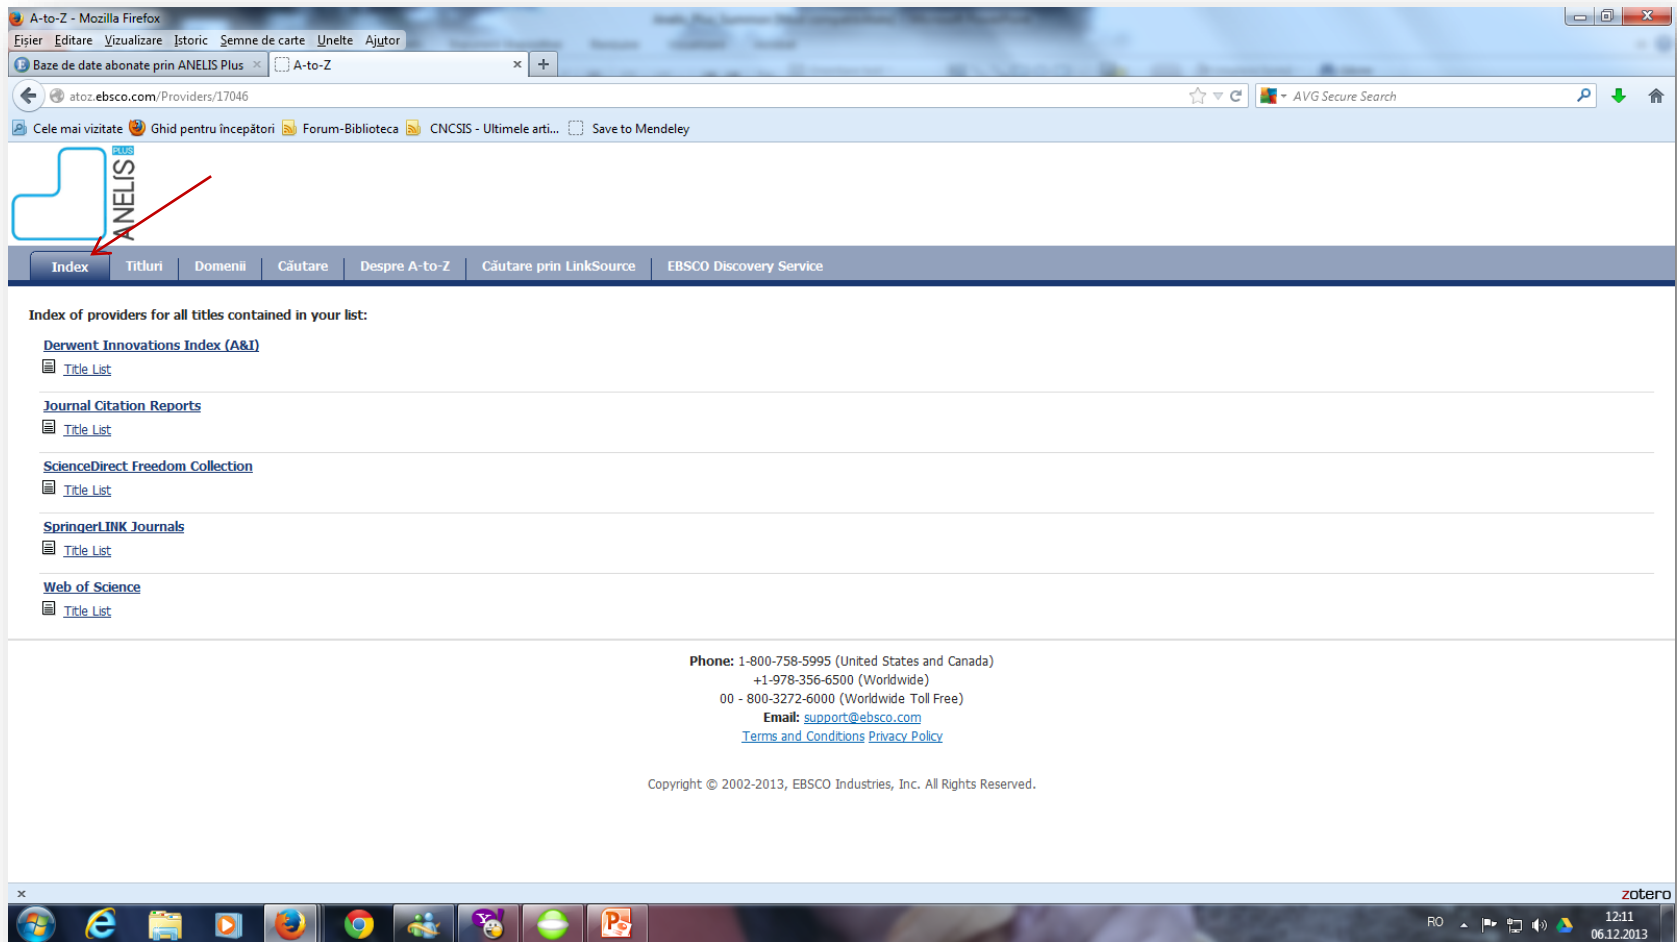

Baze de date și platforme full text	Listă publicații	Tutorial
 Elsevier – Science Direct Freedom Collection	Listă titluri	
 Springer	Listă Titluri	
 American Institute of Physics – AIP Journals	Listă titluri	
 American Physical Society – APS Journals (APS ALL)	Listă titluri	

The browser window shows the URL "www.anelisplus.ro/proiect-anelisplus/resurse-de-informare/" and the user email "Howdy. lenuta.ursachi@ugal.ro". The system tray at the bottom indicates the time is 10:38 on 06.12.2013.

Varianta 1

Căutarea după cuvinte-cheie

CĂUTAREA SIMPLĂ >> Căutarea articolelor

The screenshot displays the ANELIS Plus search interface in a Mozilla Firefox browser. The address bar shows the URL: ehis.ebscohost.com/eds/search/basic?sid=dc397471-382f-4ace-b9fa-b97bd4500f9a%40sessionmgr4002&vid=1&hid=4202. The search bar contains the text "environmental engineering" and a "Căutare" button. Below the search bar, there are links for "Opțiuni de căutare" including "Căutare elementară", "Căutare avansată", and "Căutare istoric". The page also features a navigation menu with "Căutare nouă", "Localizare publicații de la A la Z", and "Acasă". At the bottom, there are links for "Site mobil", "Site de asistență EBSCO", "Politică de confidențialitate", "Condiții de utilizare", "Dept de autor", and "Contactați-ne". The footer includes the text "© 2013 EBSCO Industries, Inc. Toate drepturile rezervate." and the date "06.12.2013".

Varianta 2

Căutarea după cuvinte-cheie

CĂUTAREA SIMPLĂ >> Căutarea articolelor

The screenshot shows a web browser window displaying the ANELIS Plus search results for the query "environmental engineering". The browser's address bar shows the URL: ehis.ebscohost.com/eds/results?sid=dc397471-382f-4ace-b9fa-b97bd4500f9a%40sessionmgr4002&vid=10&hid=4202&bquery=environmental+engineering&bddata=JmNsaTA9RIQmY2x2MD1ZJmNsa. The search results are displayed in a list format, showing the title of each article, the author(s), the journal name, volume, issue, and page numbers, along with the DOI. The first result is "Environmental impact assessment and eco-friendly decision-making in civil structures" by Kim, Sang-Hyo; Choi, Moon-Seock; Mha, Ho-Seong; Joung, Jung-Yeun, published in *Journal of Environmental Management*, Sep2013, Vol. 126, p105-112. The second result is "Environmental, biological and anthropogenic effects on grizzly bear body size: temporal and spatial considerations" by Nielsen, Scott E.; Cattet, Marc R. L.; Boulanger, John; Cranston, Jerome; McDermid, Greg J.; Shafer, Aaron B.A.; Stenhouse, Gordon B., published in *BMC Ecology*, 2013, Vol. 13 Issue 1, p2-12. The third result is "The application of strategic environmental assessment in a non-mandatory context: Regional transport planning in New Zealand" by McGimpsey, Paul; Morgan, Richard K., published in *Environmental Impact Assessment Review*, Nov2013, Vol. 43, p56-64. The fourth result is "Environmental consequences of rehabilitation of residential buildings in Turkey: A case study of Istanbul" by Cetiner, Ikbal; Ceylan, Nurten, published in *Building & Environment*, Nov2013, Vol. 69, p149-159. The search results are filtered to show 1 result out of 74,884. The page also includes a sidebar with search filters and a right-hand panel with integrated search and RSS feeds.

CĂUTAREA AVANSATĂ >> Căutarea articolelor

The screenshot displays the ANELIS Plus search interface. The search query is "welding industry" AND "materials engineering". The results are sorted by relevance and show 7 items. The first item is an original research article about microstructure and tensile strength of welded aluminum alloys. The second item is about droplet size and frequency in a GMAW process. The third item is about recent developments in stainless steels. The fourth item is about laser and plasma surfacing of engine valves. The fifth item is an event listing for a conference on failure analysis and prevention.

The image shows a sequence of two browser screenshots. The top screenshot displays a search results page for the article "Environmental impact assessment and eco-friendly decision-making in civil structures" by Kim, Sang, from the Journal of Environmental Management. The URL is linksource.ebsco.com/linking.aspx?id=EBSCO&gh&genre=article&issn=03014797&jsbn=&volume=126&issue=2&date=20130915&epage=105&pages=105-112&title=Journal+of+Environmental+Manag. The bottom screenshot shows the full article page on ScienceDirect. The article title is "Environmental impact assessment and eco-friendly decision-making in civil structures" by Sang-Hyo Kim, Moon-Seock Choi, Ho-Seong Mhak, and Jung-Yeun Joong. The journal is "Journal of Environmental Management", Volume 126, 16 September 2013, Pages 106-112. The abstract states: "This study develops two useful procedures in performing an environmental-impact assessment. One is the advanced life-cycle assessment (LCA) method, which effectively tracks the flow of materials and considers the recycling and demolition of a civil structure. The other is an eco-friendly decision-making procedure, which efficiently estimates environmental impacts induced from construction materials. We also have proposed a decision making procedure in designing civil structures. This is to minimize both environmental effects and economic values in structures. The proposed procedures are performed by a case study." The ScienceDirect interface includes navigation options like "Download PDF", "Export citation", and "Search ScienceDirect".

AB- Abstract: This study develops two useful procedures in performing an environmental-impact assessment. One is the advanced life-cycle assessment (LCA) method, which effectively tracks the flow of materials and considers the recycling and demolition of a civil structure. The other is an eco-friendly decision-making method that considers the environmental impact of a civil structure. The results show that the LCA method is more effective than the traditional method in terms of environmental impact assessment. PT- Article

AB- Abstract: There is no legal mandate for strategic environmental assessment (SEA) in New Zealand. However, a requirement to consider environmental and sustainability issues is a key feature of many statutes, including that relating to regional transport planning. Given this, the research sought to determine whether SEA is a useful tool for regional transport planning. The page title is "Folder: Baze de date abonate prin ANELIS Plus - Mozilla Firefox". The main content area shows a list of articles, with the first article selected: "1. Environmental impact assessment and eco-friendly decision-making in civil structures." The article details include the authors (Kim, Sang-Hyo; Choi, Moon-Seock; Mha, Ho-Seong; Joung, Jung-Yeun), the journal (Journal of Environmental Management), and the subject (ENVIRONMENTAL impact analysis; ENVIRONMENTAL policy; ENVIRONMENTAL engineering; DECISION making; FLUID dynamics; ESTIMATION theory; GRDERS; STRUCTURAL engineering). A red arrow points to the article title. In the bottom right corner of the browser window, the Zotero logo is visible, with another red arrow pointing to it. The text "citările salvate în Zotero" is overlaid in red in the center of the screenshot.

Exportul citărilor din EDS direct în format RIS în SMR

EXPORT/IMPORT CITĂRI >>> Direct...Zotero

The screenshot shows a web browser window displaying the ANELIS Plus export manager interface. A dialog box is open, asking for confirmation to import records from "ehis.ebscohost.com" into Zotero. The dialog text reads: "Vrei să importi înregistrări din 'ehis.ebscohost.com' în Zotero? Poți dezactiva importarea automată a fișierelor RIS/Refer din preferințele Zotero." Below this text is a checkbox labeled "Permite întotdeauna pentru acest site" which is currently unchecked. At the bottom of the dialog are "OK" and "Renunță" buttons. The background interface shows the "Gestionar exporturi" section with a "Salvare" button and a list of export options: "Citate în format ANELIS", "Citate în format BibTeX", "Citate în format MARC21", and "Direct Export în RefWorks". The browser's address bar shows the URL "ehis.ebscohost.com/eds/delivery?sid=dc397471-382f-4ace-b9fa-b97bd4500f9a%40sessionmgr4002&vid=13&hid=4202". The Windows taskbar at the bottom shows the system tray with the time "11:53" and date "06.12.2013".
